ODYSSEY

To John,
a nice guy who
I'll always remember!!
(You calculator too)
Good luck in future
& whatever you do!!!

From Steph McDonald
Sno Cop

John,
You appear to be a very nice, down to earth guy who doesn't take himself too seriously. But to be very sensitive also, who likes talking to girls? I hope you have a nice summer!

To John,
Have a great summer & see ya
Soon. Sweet as

To John,
Be nice
Be nice
Be nice

To John,
I know I have not known you long, but I feel you are a very nice person, who I would like to know better. Good Luck in your future.

I Love You

To: John.

Young men in highschool usually dont make a very good conversation because of their silly ways. Ill give you your due credit. you are a young man and you are in high school but you certainly arent silly. youre a lovely person John and ive enjoyed my Junior year with you. I hope we can continue to be friends.

Love, your friend -"83"
Sandy
Stay sweet + keep on truckin

To John,
These past three years I have been knowing you have been enjoyable and sometimes regretful (smile). I wish you much happiness and success in the future because you deserve only the best. Be you certainly do. (smile)

WHAT IS AN ODYSSEY?

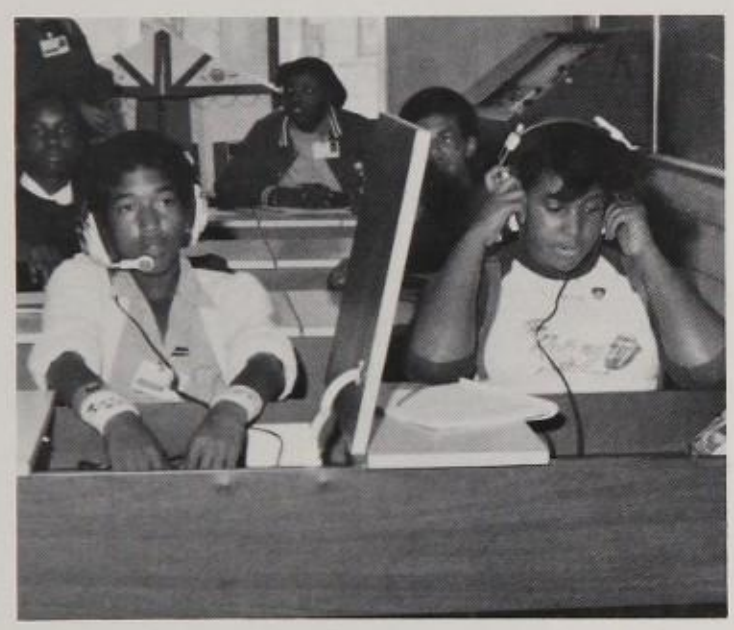
An ODYSSEY is a series of adventurous journeys usually marked by many changes of fortune. An extensive intellectual or spiritual quest. Our ODYSSEY is a journey through some of the most trying years of our lives. A period of adjustment. We start our journey as mere children and end as well-adapted young adults.

BEFORE OUR JOURNEY WE MUST PREPARE

We make blueprints and sketchings of our form of transportation.

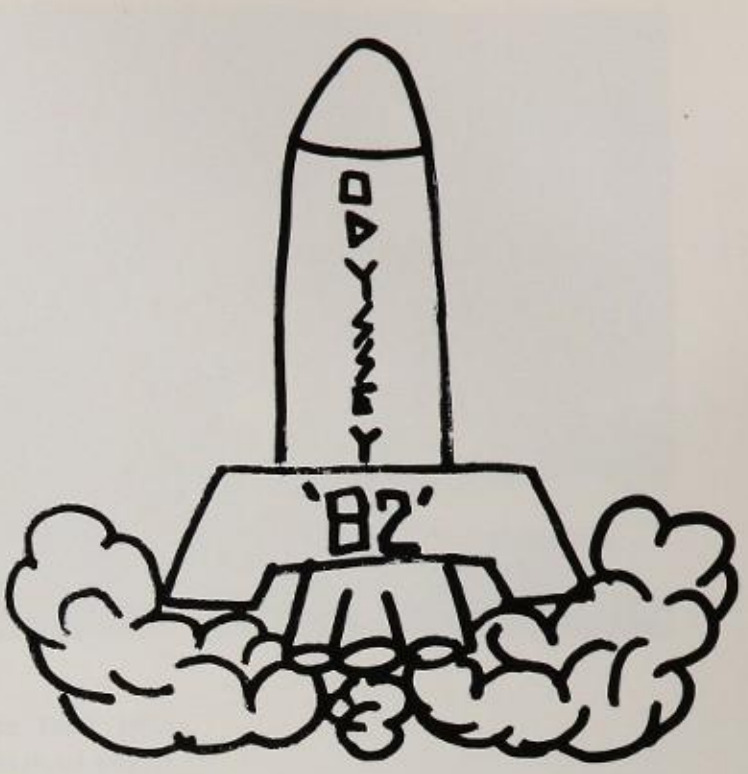
We construct and build our vehicle, using the most intricate machinery available to mankind. For nothing is too great or complex for our quest.

Our best scientists studied and took notes to make sure everything would go right.



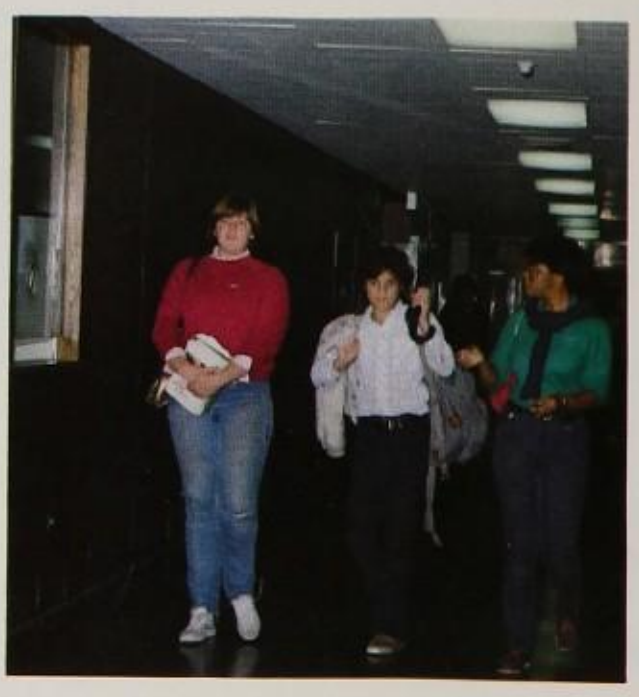
They researched to find as many languages as possible, so we could be ready.

It is time to get ready. We have to look our best.

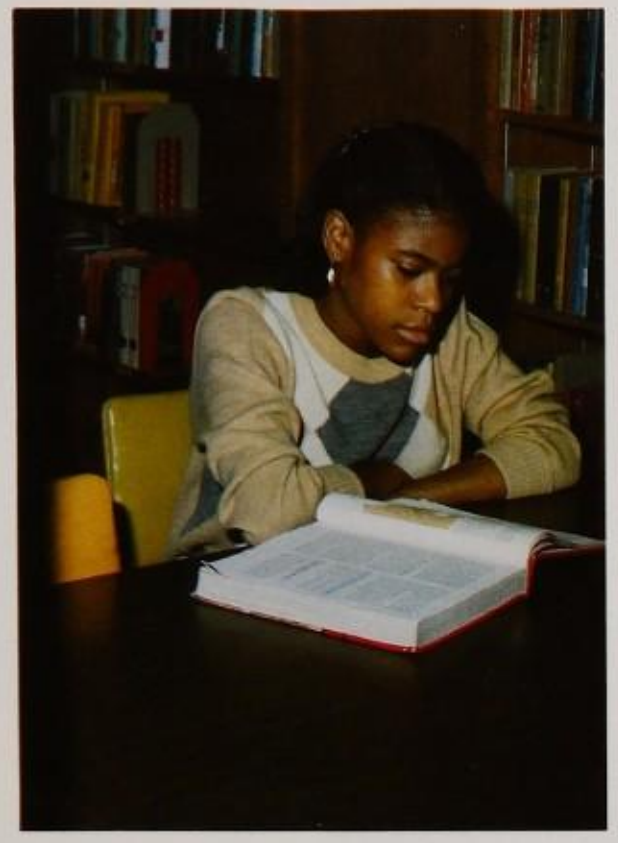


The big send off. Boy! Are they proud of us.

We now begin our journey. We send ahead our brave volunteer.



Then others, who just can't wait for her return, soon follow. Guides help us along the way.



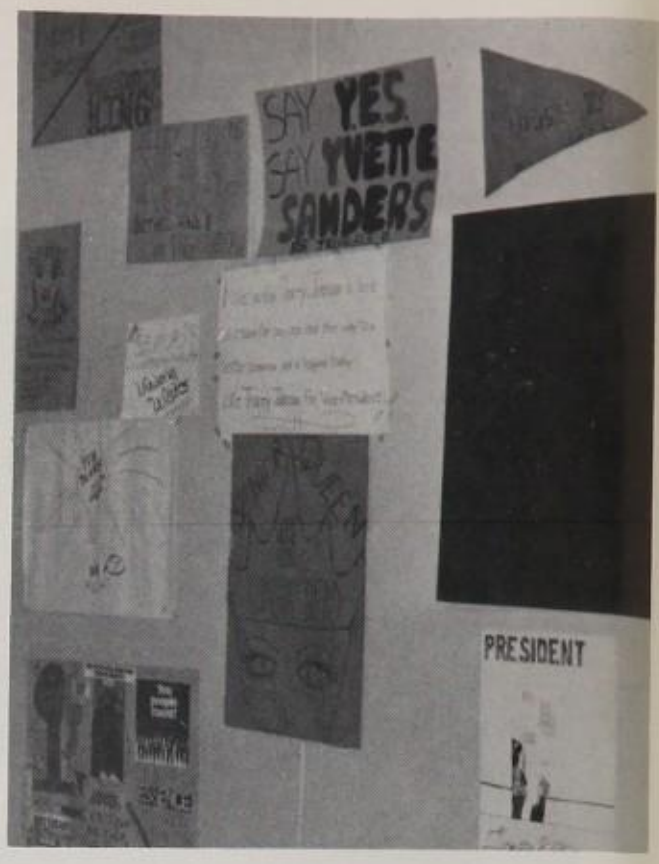
As we make our ascent through the years of our quest we learn many things from books, such as the basics: reading, writing, and arithmetic.

But to better ourselves and to better equip ourselves for life we decide to expose ourselves to other aspects of our school's curriculum. We learn about music to be in harmony in mind and body.

Another Louis Armstrong in the making.

Women have rhythm too.

When we open ourselves to learning we do it all the way. We engage in healthy invigorating competition.

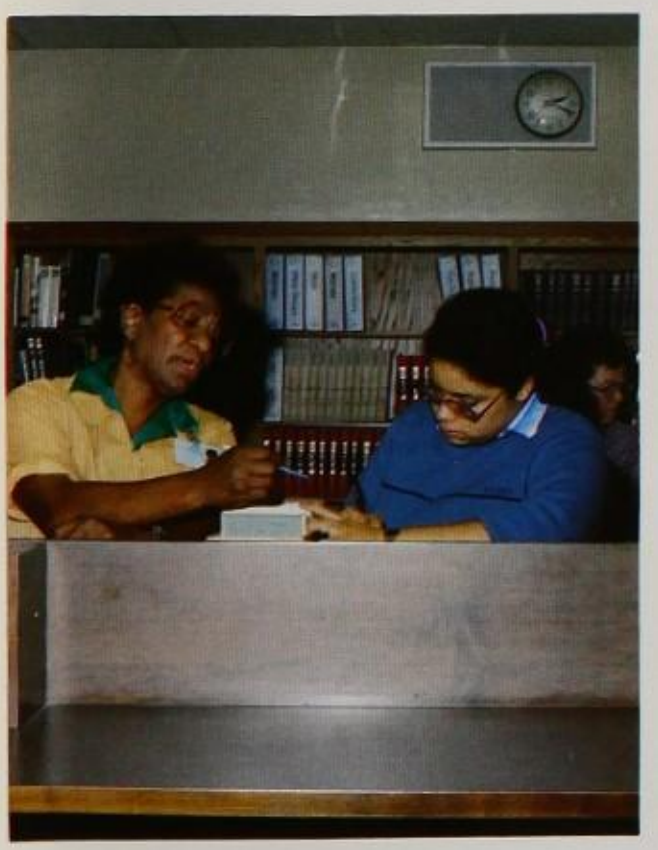


We learn things which help us economically. We master the art of sewing and cooking.

Some people just don't appreciate good cooks.

We learn skills to help us in the job world. Woodshop, drafting, and art are among the many skilled labor classes.

Our bookstore supplies us with everything from pencils and paper to warm-up suits and winter hats.



The Media Center provides us with all the informational equipment we need. In addition there are reliable library aides to help us if we are in doubt.

The Game We Lost . . .

It Wasn't All So Cheery

But Somehow We Came Through In Spirit

What A Pyramid!

We've Got It All Together

COUNSELORS

The department is available to help students plan their course work, provide interpretation and administer tests, discuss college choices and future career planning and training. Counselors are also available to discuss personal problems and to make referrals, if additional help is needed, to both students and parents. Each division is assigned a counselor and one counselor serves as a grade advisor for each of the four grade levels. The school nurse, social worker, speech pathologist and psychologist are included in the Counseling and Guidance Services. Students are invited to utilize *all* of the services of the department.

ENGLISH

The English department of Kenwood offers a four year program in the language arts for students at all levels of achievement through advanced placement.

All students are required to take the standard three years sequence which includes the study of genres, American literature, British literature, composition, and grammar. The fourth year of English is, generally, completed by one of the following options: Journalism; Speech and Drama; Humanities or Topics in Literature, a combination of mini-courses that range from study of the film, the short story, black poetry to existential literature and classical Greek drama. In addition to the four year program, students may elect to take College Preparatory Writing or any of the senior options.

SOCIAL STUDIES

The Social Studies Department offers a wide variety of courses designed to be of help both to the college bound student and to the student who will enter the working world directly from high school. Our only required course is United States History. Every student must pass Public Law 195 before they graduate. All students must fulfill the Consumer Education requirement and pass the proficiency skill examination in order to graduate. We offer traditional courses such as Modern World, Early World, and Geography. We alternate each year between United States A.P. and Modern European A.P. The Department also offers a choice in the behavioral sciences such as Sociology, Psychology, Economics, and Anthropolgy. Contemporary American History, Political Science and Youth in Government prepare students to be alert, responsible citizens. Specialized courses include Womens Studies, Law and Afro- American History.

MATHEMATICS

The math department offers a variety of courses in math. There is a six year plan that involves early involvement and a class at the Univ. of Chicago. The Math Department at Kenwood is number one in Chicago and came in 7*th* in Ill. out of 600 schools. Kenwood has been recomended highly for any student who is advanced in any type of math.

SCIENCE

If one is looking for good down to EARTH teaching, the SCIENCE Department should be the first to come in mind. These teachers are quite adept PHYSICally and appear BIOLOGically sound. The CHEMISTRY between students taking science courses and their teachers is quite amazing, the teachers often are very helpful, sometimes dedicating their free-time to their confused students. All in all, the Science Department is one of the most successful and challenging departments at Kenwood.

BUSINESS

The Business Educational Department offers a wide variety of courses for students from 9*th* grade to 12*th* grade. These courses are to help enable the student who plans to major in business or know something about the field of business. The Business Department also offers an Office Occupations Work Experience. This helps the student to know what goes on in a business, how to be prepared for the future in business and to know the basic functions in a business.

SPECIAL EDUCATION

The major goal of the Special Education Department of Kenwood Academy is to help each student realize his or her maximum potential. The special ed. teachers work with students to maximize their strengths within a variety of programs. The amount of time spent within a variety of programs. The amount of time spent within our setting depends upon the individual needs of each student. Special ed. teachers keep in close contact with the administration, other teachers, and parents to help insure a successful four-year experience for the students they service. Through teamwork, the students and faculty of the Kenwood Special Education Department have success as their objective, within and beyond the high school setting.

MUSIC

The Kenwood Academy Music Department enjoys an outstanding local and national reputation. The Music Department program not only introduces young people to music of varied periods, styles, cultures, but allows students to become participants in some manner in most of the presentations. Thus taking students with a budding interest and moulding them into well rounded citizens and coming professional musicians.

Articles about the department are in several national text books and magazines. Courses offered: Band (beginning-advanced), Jazz Band, Orchestra (beginning-adv.), Choir (beg. mixed, adv. mixed girls), Class Guitar, Class Piano, Vocal Major I-II, Music Major I*II, Orchestra Major, Band Major, Adv. Placement Music, Career Music.

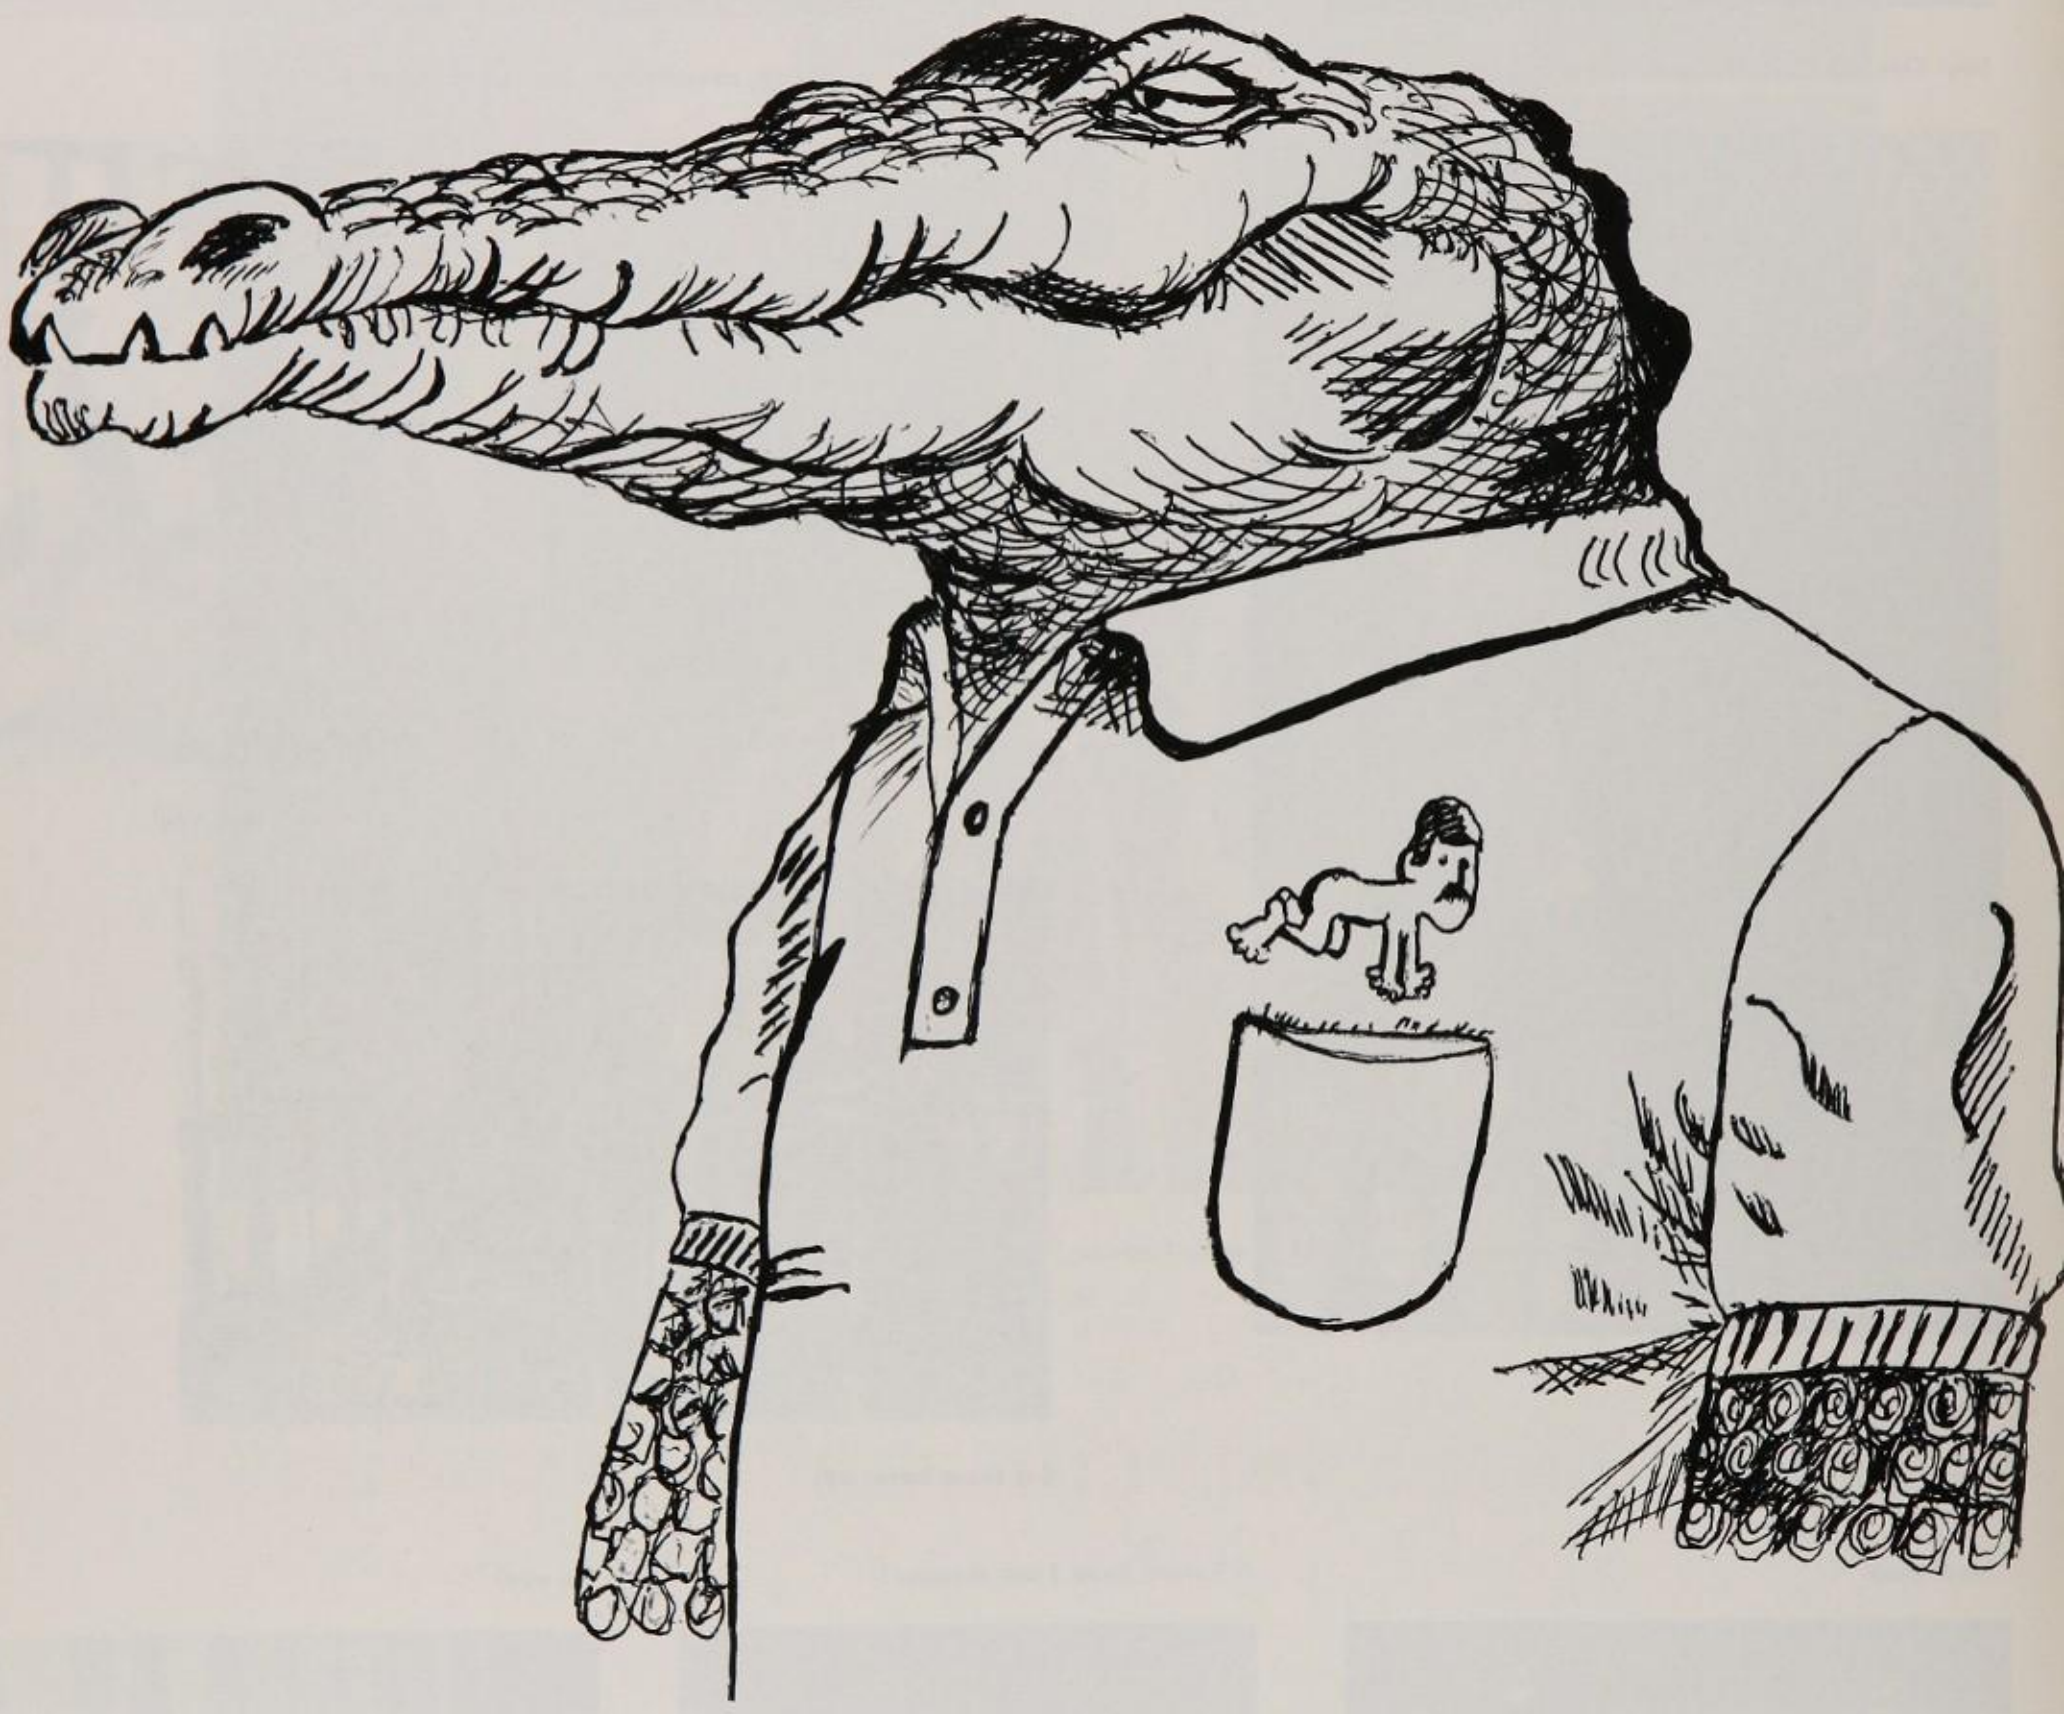
A Varsity Swim Team member?

He won!

DO YOU KNOW WHO THIS IS?



No? Well, he's Al. E. Gator, a very intelligent, sporty, prep type student. Where? Of course at our, yes our, very own Kenwood Academy. Everyday he appears neatly dressed to the tee. Talk about tee, have you noticed that snazzy T-shirt. He only wears Iman, by LaCosta YouaBigaBucks. This type of student seems rather prevalent at Kenwood. These students come to school dressed like Ivy-Leaguers and walk around school in polo's, Levi's, Loafers and all. But Al, he's different from the others. Killing poor, helpless fellow gators is not his style (at least not just to wear them upon his chest). He feels that enough gators have been killed and now its time to "kill a prep and save a gator!" How 'bout it?

DID YOU KNOW? . . .

During the day, the Kenwood Academy Faculty devotes all of their time enriching the minds of their precious Kenwood Students. But . . . during the after-school hours the teachers enrich their own minds by "moonlighting". As you can see, Mr. Walters has organized this small group of teachers who he felt were most qualified for the jobs. An example of such a qualified teacher is Mr. Hofslund who mastered the Physics of lawn servicing. It was a lot of work for Mr. Walters, but Mrs. Stephen was always there to give a helping hand. The expression on Mr. Teller's face lets us know that the jobs are tough and the salary is rough. But naturally, our reliable teachers work the night through and wake up the next morning for another day at Kenwood.

We, the Juniors of Kenwood Academy, would like to conduct you on a tour of a day in life at Kenwood.

First we start our day off right with a leisure and relaxing splash in the pool.

Second we throw some formulas together so there'll be an excuse for a fire drill.

In between classes we try to be seen with the cutest football player or cheerleader we know.

After our hectic beginning we like to go mellow out in music.

We really love our school but we just can't hang with the lunches.

We usually start on our term papers in study the day before they're due.

We come out of Physics with books in our hands so people will know we're intelligent.

In Gym we really know how to handle a basketball.

Our football team has its faults but we love 'em anyway.

We only start to come alive when the band starts to "jump on it".

And after four years of all the hardships we go through, we finally get to stand on our own feet and have some fun.

I know!

If we give this stuff to the other team . . .

Somebody please pick the ball up!

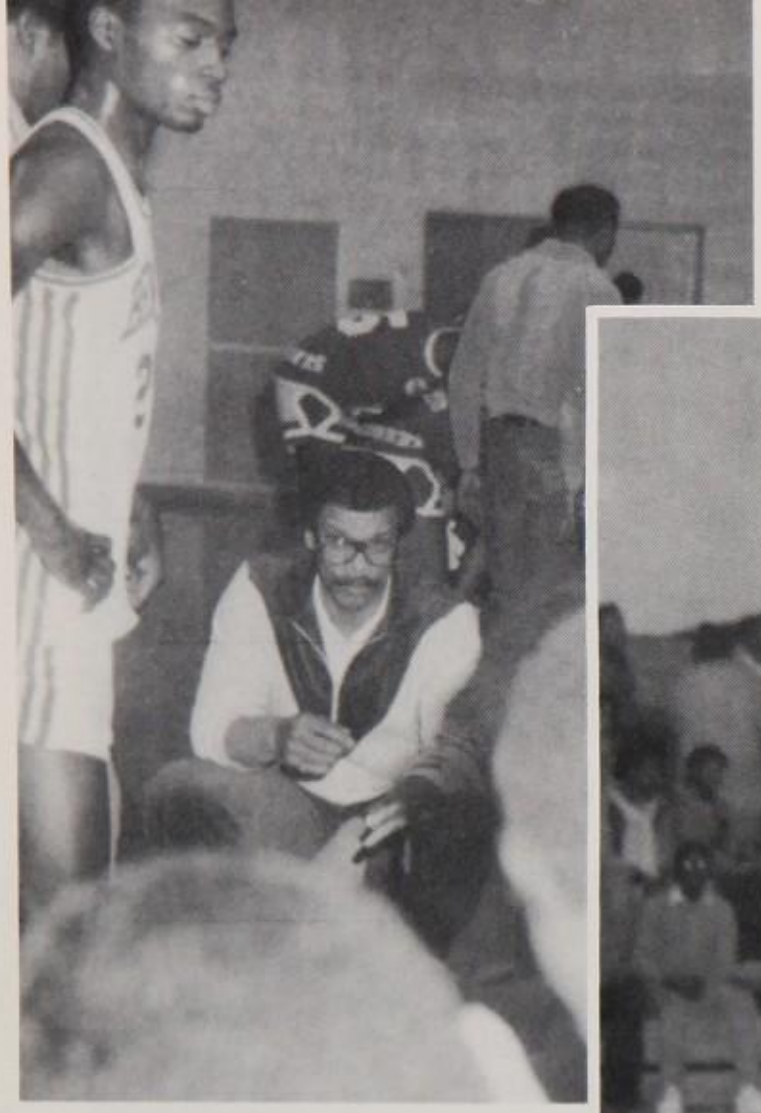
We're gonna win!

Hey man, you think she'll still like him after the game?!

We're coming to getcha!

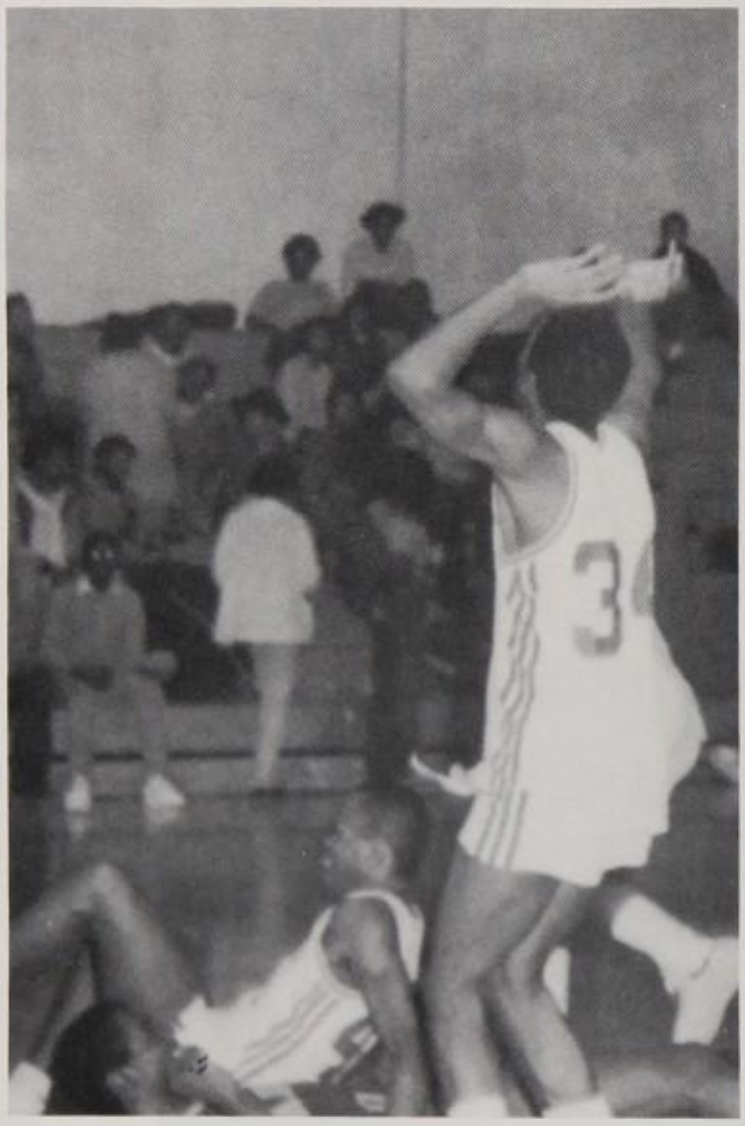
Come on guys, you can do it!

Off again!



Golly-gee!
I'll be glad when this is over.

Ashes, Ashes
we all fall down!



Could you repeat that again?

CLASS NOTABLES CONT.

"When I was a child, I spoke as a child, thought as a child, reasoned as a child; but when I became a man, I put away childish things."
(I Corinthians 13:11)

After four long years of heavy labor, incalcuable sacrifices, immeasurable pain, the work that was begun so long ago has finally come to fruit.

Beginning high school, we were like unmolded pieces of clay; yet, today, we leave Kenwood as refined, finished, and cohesive pieces of the best china. We are like caterpillars who have shed their skin to become stunning butterflies.

Innumerable people have been the stage crew in the great dramas of our lives; countless unsung heroes have all contributed to this great movement, the end of act II, the finale' of our high school careers.

FROM US TO YOU

We, the senior editors of the class of 1982 would like to say thank you to the senior class and yearbook staff, without you the senior section could not have been completed. We wish you the best of luck in the future.

Our past four years at Kenwood have been exciting, memorable, exasperating, cheerful, and fun. But there was also lots of work to be done, and we finally completed it.

As we went along we didn't know who we were and the four years gave us enough time to find ourselves, lose ourselves, and to find ourselves all over again. We also met many people and some became our dearest friends, and yes we might have even tried to be like them. Then we finally figured that the best thing to be is ourselves, not anyone else, because being yourself is the only thing you can be.

Best of Luck
Senior Editors

Myself

I have to live with myself, and so
I want to be fit for myself to know
I want to be able, as days go by,
Always to look myself straight in the eye;
I don't want to stand, with the setting sun,
And hate myself for things I have done.

I don't want to keep on a closet shelf
A lot of secrets about myself,
And fool myself, as I come and go,
Into thinking that nobody else will know
The kind of a man I really am;
I don't want to dress up myself in sham.

I want to go out with my head erect,
But here in the struggle for fame and pelf
I want to be able to like myself.
I don't want to look at myself and know
That I'm bluster and bluff and empty show.

I can never hide myself from me;
I see what others may never see;
I know what others may never know;
I never can fool myself, and so,
Whatever happens, I want to be
Self-respecting and conscience free.

Dear Rob,

It has been a wild-wakey school year. This year we have had many good times and many times that didn't turn out as well as we expected. We will be the best of friends for a long, long time.

A friend that I have yet to discover. This Freedom I hope that you realize that you can't rebel against every thing that you think is right. Maybe you'll learn that later in life. Lots of luck in the future and I wish you alot of success.

To the Rob.
Obnoxious little runt you,
You're going to have to reform your ass ways if you
you grab ass to do anything we
didn't wait to slick you become an assoc.
slick why slick you but I guess
in the first place. Have a nice
you're alright. Rich "53"

Dearest John,

We finally made it through one whole year of typing!! Now we can celebrate all year as almighty SENIORS!! Well, have a great summer and stay sweet but corny!! ☺

Love,

Julie #1 in '83

P.S. Sorry for borrowing so much eraser tape & paper!

To John,

It's been a real pleasure sitting next to you this year. Also, it's been fun having you in 1st period. I know you thought it might be a drag, but I wish you weren't going to graduate. I'll miss you next year.

Your Friend,

Gayle

P.S. - Sorry about the erasers

To John

Best Wishes in your senior. I'm glad this year is over and you're out of my hair (kidding)

Lisa

To John,

Whom I've had the pleasure of meeting last year is much too short (long) & talk too much. Take Care

Love,

Lisa

To John:
You seem to a very nice person. I say seem because I did not get to know you very well. I look forward to seeing you next year. Have a great Summer!

To John,
One of the most attractive guys in my typing class. I'm glad I had the pleasure of being a friend of yours, and hopefully I'll see you next year.

To John,
Have a very nice summer. Please don't do anything you can't explain. I'll only know you for a year but I wish you many years to come.
Black bar mitzvah in first period Chemistry and 8th period gym.
See you next year

John,
There are many times I can't figure you out, however it is evident that you are a very considerate person, and I'm glad to have you as a friend.
Love
Lisa B.
P.S. Have a great summer, hope to see you outside.

To John:
a very nice young man whom I've really enjoyed being with this year. I wish you the best of life in whatever you do. Keep up the good work and remember if you need a friend I'll be there.
Love Always
Debra
